1. SGPA3

1.1 Improvements

1.1.1 Records – Equipment Group

Improvement applied in the field “Group Type” of the Equipment Group record screen. When creating or editing, a group the following informative message will be shown:

“The generic type does not allow F/Z/T to be found. This type should only be used for the equipment type: Solinfnet Tower”

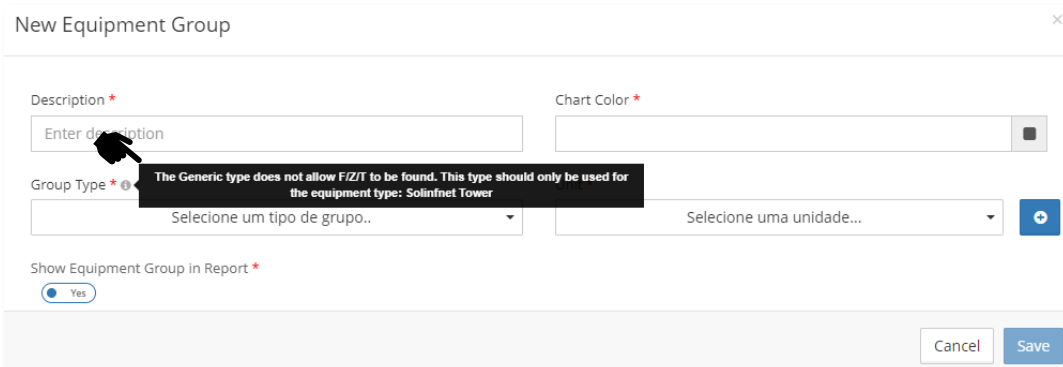

Figure 01 – New Equipment Group

i Access on Main Menu > Records > Equipment > Equipment Group

1.2 Bugs

1.2.1 Meteorology

Adjustment made in the Meteorology Menu – Weather Map to show the correct date interval when using the predefined filters.

... Function enabled for Clients/Environments that have Weather Stations and/or Pluviometers.

i Access on upper shortcuts Menu > Meteorology > Meteorology Menu > Weather Map

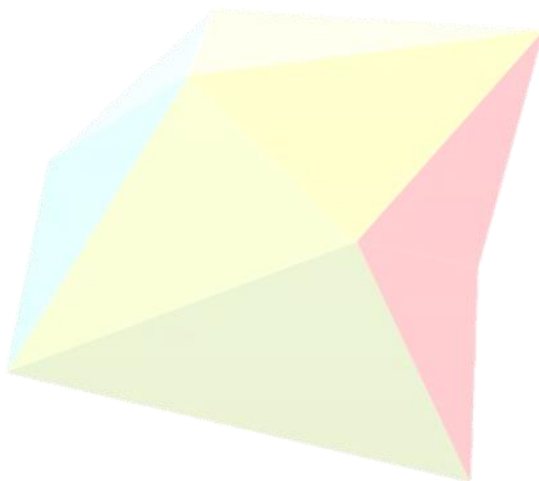

1.2.2 Integration

Correction applied in the Productivity Alarm Exportation to present the header when generating the file.

 Access on Main Menu > Tools > Integration > Integration > Productivity Alarm Exportation

1.2.3 Login

Correction made in the Login in order to make the password recuperation screen to be displayed correctly.
