Changelog

SGPA3
Automated Process Management System

Some applications mentioned in this report may not be available in the feature pack installed on your SGPA 3.0

Thank you for being a SGPA 3.0 user!
Our system was updated in order to fix bugs, improve performance and add new features to bring a better user experience and contribute to a better quality and efficient management.

Summary

1. SGPA3

1.1 *Improvements*

1.1.1 *PBI Reports*

Improvement applied in the PBI Alarms report. From this version it will be possible to view the duration of the alarms by occurrence and filter them by duration through the filter "Alarm duration (min)".
